## **WHAT ARE WE LEARNING?**

In addition to our fun activity, we spend some time exploring what it means to have faith. As a church we're coming from, and presenting, a Christian perspective but we welcome those with different perspectives, beliefs and questions. We explore faith as we grow in friendship with one another - listening to and discussing some of life's big questions. On Wednesday nights we do this in both large and small groups using the Alpha for youth video series. On Sunday mornings we focus on stories from the Bible, the person of Jesus and how all of this speaks to our lives today.
